

Ninety percent of everything we know has been passed along through story. Laurens van der Post

Concordia Multi-Faith Chaplaincy presents...

THE ART AND PRACTICE OF STORYMAKING:

**An interactive writing workshop
with author Ray McGinnis**

Story is the heart of language...

Story emotionally moves us to love and hate and can motivate us to change the whole course of our lives. Story can lift us beyond the borders of our own individuality to imagine realities of other people, times, and places; to empathize with other beings, to extend our supposing far into the universe. Storytelling - both oral and written word - is the foundation of being human.

Drawing from a variety of sources, Ray will invite us to write and share stories. He will help us recall what has lit a fire in our lives and what we have done to keep it burning. Ray McGinnis is author of *Writing the Sacred*. He is a published poet and lives in Vancouver.
